#### CSI-5\* Invitation System

The following CSI-5\* invitation system was approved by the General Assembly and is effective as of 1/5/2007.

#### Section 1 Compulsory Invitations

1.1 70% of the total number of competitors invited must be from the top 150 on the FEI World Ranking list n° 76 established by the FEI two months prior to the event. The following conditions must be respected. Consequently this percentage may need to be reduced.

1.1.1 Riders are invited in descending order from the first rider on the FEI World Ranking list.

1.1.2 At least ten foreign NFs must be invited with at least two riders per NF.

1.1.3 If a NF has only one rider in the above percentage, the NF in question has the right to enter a second rider providing that he is within the top 150 on this list.

1.1.4 Organising Committees may limit the number of riders from a single foreign NF to five. However, they are free to accept more than five riders from the same NF providing they are within the above percentage and providing the other NFs invited have entered a second rider.

1.1.5 If the Organising Committee cannot fill its quota from the top 150 on the FEI World Ranking list, vacant places will be filled by inviting riders from 150<sup>th</sup> place on the FEI World Ranking list in descending order.

1.1.6 The total number of riders to be invited to the event, as well as the date of the FEI World Ranking list which applies for invitation of competitors must be printed in the Schedule.

1.2 If a NF is invited to send participants but decides not to participate, another NF is selected by the Organising Committee in accordance with the conditions established for invitation of competitors in section 1.1.2

## **Section 2 OC Invitations**

Maximum 30% of the total number of competitors invited can be invited as wild cards by the Organising Committee through their NFs (these riders may consist of foreign and/or home competitors). These competitors can be taken from any position on the FEI World Ranking list.

These invitations (foreign and/or home riders) should be under the same conditions as for other participants and cannot be granted in return for a financial contribution.

At the same time, it is also unacceptable for riders to ask for an appearance fee.

## **Section 3 FEI Invitations for Foreign Competitors**

The FEI has the right to nominate one competitor for CSI-5\* events by the deadline date established for nominated entries. The level of the nominated rider must be of the required standard for a CSI-5\* event. The maximum number of times a competitor can be nominated during the same season for this section is three. Vacant places under this section are filled in accordance with the conditions established for invitation of riders in section 2.

### **National events**

OCs that wish to organize a National event must comply with the FEI rules for National events. These include the restrictions on the number of foreign competitors and the number of NFs represented by competitors.

### **Sanctions and consequences**

If prior to a CSI-5\* event it is known that the event will not follow the FEI technical conditions and the FEI Rules for invitation of competitors, the event may be removed from the FEI calendar at the discretion of the FEI.

If sufficient proof can be established after the event that the FEI technical conditions and the FEI Rules for invitation of competitors have not been respected FEI World Ranking points may be withdrawn at the discretion of the FEI and CSI status may be refused for the following season.

If the event is a FEI World Cup™ or Samsung Super League with FEI it may lose its status for the coming season.

If the event is organized outside the jurisdiction of the host NF, participating competitors will not be allowed to participate at other FEI Events.

***TO BE PUBLISHED VERBATIM IN ALL SCHEDULES*****THE FEI CODE OF CONDUCT****FOR THE WELFARE OF THE HORSE**

The Fédération Equestre Internationale (FEI) expects all those involved in international equestrian sport to adhere to the FEI's Code of Conduct and to acknowledge and accept that at all times the welfare of the horse must be paramount and must never be subordinated to competitive or commercial influences.

1. At all stages during the preparation and training of competition horses, welfare must take precedence over all other demands. This includes good horse management, training methods, farriery and tack, and transportation.
2. Horses and competitors must be fit, competent and in good health before they are allowed to compete. This encompasses medication use, surgical procedures that threaten welfare or safety, pregnancy in mares and the misuse of aids.
3. Events must not prejudice horse welfare. This involves paying careful attention to the competition areas, ground surfaces, weather conditions, stabling, site safety and fitness of the horse for onward travel after the event.
4. Every effort must be made to ensure that horses receive proper attention after they have competed and that they are treated humanely when their competition careers are over. This covers proper veterinary care, competition injuries, euthanasia and retirement.
5. **The FEI urges all involved with the sport to attain the highest levels of education in their areas of expertise.**

A full copy of this Code can be obtained from the Fédération Equestre Internationale, Avenue Mon-Repos 24, CH-1005 Lausanne, Switzerland. Telephone: +41 21 310 47 47. ### **FOR THE INFORMATION OF ORGANISING COMMITTEES**

#### **STABLE SECURITY/STEWARDSHIP AT INTERNATIONAL EVENTS**

#### **MINIMUM REQUIREMENTS TO ENSURE IMPLEMENTATION OF VRs Art. 1005.2.5, Annex X**

### 1. ACCESS TO STABLE AREA

The stables must be completely enclosed within a suitably restrictive perimeter (stable area) which will act both as a deterrent to the admission of unauthorised persons and to the exit of horses. The area must be sufficiently large to allow horses to be evacuated from the stables in an emergency but still remain within the confines of the perimeter.

Whenever possible the stable area must include only stables; lorries, caravans, etc., should not be permitted within the area unless specifically needed as accommodation for horses and/or grooms.

Access to stables must be limited to those persons indicated in VRs Art. 1005.2.5. It is essential that the official issuing authorised access be a responsible person of seniority within the Organising Committee.

## **2. CONTROL OF ACCESS**

A control system must operate at all entrance gates so that there is an efficient and reliable method of identifying those who enter and leave the stable area at any time.

Extra vigilance must be used in establishing the identity of persons and reasons for entering the stables during the night.

## **3. STEWARDING OF STABLE AREA**

At least one stable steward, directly responsible to the Chief Steward, must be present or readily available in the vicinity of the stable area 24 hours a day during the entire duration of the event. He may be assisted by deputies as required. The steward/deputies must regularly patrol the stable area, without establishing any predetermined pattern, to discourage any form of illegal practices or abuses to horses. Any misdemeanours must be reported immediately to the stable steward who must, in turn, report to the Chief Steward.

The duty of the stewards is therefore to safeguard the welfare of the horses and to prevent any form of illegal practices.

## **4. GROOMS**

It is appreciated that grooms wish to remain with their horses during the night. Only grooms duly registered with the OC are permitted to do so.

The Person Responsible must ensure that his/her grooms, or any other authorised persons with access to his/her horses, are familiar with the security and stewarding procedures operating at the event attended.

## **5. MOVEMENT THROUGHOUT EVENT GROUNDS**

Movement of horses between the stables, practice, grazing and main arena must be strictly controlled. The optimum layout for Jumping and Dressage disciplines is attached. It is appreciated that flexibility will be required depending on the requirements of other disciplines.

## **6. STEWARDING OF PRACTICE ARENA**

The Chief Steward must ensure that all practice arenas are adequately stewarded all the time that they are officially open. He must also ensure that these arenas are subject to random control when they are officially closed.

## **7. GRAZING AREA**

It is recommended that a grazing area be provided at all outdoor events, and that this be subject to random control. If available, horses must only be

grazed or walked in hand within this area.

The Foreign Judge/TD at events will be specifically asked to check that the relevant requirements are met as reasonably as can be expected, depending on the discipline, and to indicate clearly any shortfalls, following which consideration may be given to altering the category of the event in future.

**FOR INFORMATION PURPOSES****SPECIAL GUIDELINES FOR VETERINARY ASPECTS**

The section of the Checklist entitled "Veterinary Aspects" is comprised of four sections as follows:

This page **must be published verbatim** in all schedules. It refers to:

- veterinary examinations, horse inspections and passport controls;
- equine influenza vaccination (note: some events take place, either at venues or in countries which impose more stringent equine influenza vaccination requirements than the FEI. Any deviations from the FEI requirements must be clearly indicated as an addition to the text in Veterinary Aspects "A" which must be published verbatim in the schedules
- sampling for prohibited substances;
- Medication Control Programme.

2. **Veterinary Aspects "B"** (see page 6)

This page **must be fully completed** and **returned to the FEI** with the Draft Schedule.

3. **Code of Conduct** (see page 9)

This page **must be published** in all schedules and it is recommended that it also be published in all programmes of international events.

4. **Order Form for FEI Sampling Kits** (see page 20)

The MCP is effected in Groups I and II, by Testing Teams of veterinarians and technicians and by Laboratories all directly instructed by the FEI.

At international events outside the MCP area or at those which are covered by the MCP but at which sampling is required when the Testing Teams are not present, the Veterinary Commission/Delegate will operate in accordance with Vet. Regs Chapter VI.

To provide for this eventuality, FEI Sampling Kits should be ordered directly on the form provided, from:

**FOR INFORMATION PURPOSES****BASIC PRESS FACILITIES**  
**Requirements from the International Alliance of Equestrian Journalists (IAEJ)**

---

Helping the media to provide good coverage for your competition is one of the cheapest forms of publicity available. Stories in newspapers, magazines or on the radio or television will do a lot for your event, for your sponsors and for the overall visibility of equestrian sport in your area. While media requirements at the top levels can be elaborate, attention to some very simple and easy details can do a lot to help the media exposure of even the smallest competition.

- Programmes, starting orders, course plans and results must be available at all times. The media must be given priority in the distribution of final results.
- A small, reserved working area should be available. This can be a small room or a separate space within the secretariat or show office.
- At least one telephone line must be exclusively available for the media and must be accessible for modem. It does not have to be for free, but available for the media. It can be difficult for the media to find a suitable phone for connecting a laptop so this is a very helpful thing to provide.
- One telefax must be available. As above, it does not have to be for free. Journalists can pay for their phone calls, but it does need to be available.
- Press stand. Some seats should be reserved for the media close to the competitors.
- Press officer. Even in the smallest show, there should be somebody aware that the media might show up and need some help. Within the organizing committee, somebody should be responsible for answering questions from the media if needed (including on the telephone) or to organize a press conference.
- Access to the warm-up areas. It is essential that journalists and photographers have a chance to contact the riders for interviews, photos etc., and this is best done near the warm-up area.
- Parking. At least for the photographers who have to carry heavy equipment, there should be a possibility of getting into reserved parking areas next to the competition venue.
- It would be helpful if accredited press have the opportunity to have some food and drink readily available.
